Skills

Languages - JavaScript, TypeScript, HTML5, CSS, PHP, MySQL

Technologies - React, Next.js, SvelteKit, Laravel, TailwindCSS, Vite, Git

CI/CD & Testing - GitHub Actions, Playwright

Professional Experience

Brew Digital

Full Stack Developer, Nov 2023 - Present

- Architected solutions for the [Reimagining Agile](#) project. Introduced TypeScript and end-to-end testing with Playwright & GitHub Actions.
- Improved page load speeds by 30% via consolidating fetch requests and streaming data with SvelteKit.
- Optimised our CI/CD and deployment pipelines, achieving a 90% reduction in deployment times.
- Mentored junior developers in React, Next.js and JavaScript, collaborating in 1-1 pair programming sessions and code reviews.
- Developed a CLI release tool to simplify release process, achieving an 80% reduction in release times.
- Created a solution for the marketing team to add page schema markup, boosting SEO rankings.

Associate Developer, Jan 2023 - Nov 2023

- Eliminated critical build step errors that were preventing deployments to Heroku, caused by unused binary executables.
- Improved stability of Adaptavist landing pages by integrating Algolia for our search results, reducing load times by 25%.
- Added robust error reporting with Sentry, reducing error resolution times.
- Overhauled the [Adaptavist](#) project to remove technical debt, reducing error rates by 15%.

Book a Builder

Junior Developer, Jan 2022 - Jan 2023

- Created a support ticket system using PHP and MySQL, improving customer service efficiency.
- Developed a review system for customers to rate trades people, enhancing user experience and increasing conversion rates.
- Liaised directly with clients and stakeholders to ensure requirements were met, delivering solutions aligned with expectations and business goals.

Personal Projects

Portfolio Website - <https://oliverkeane.vercel.app/>

- Built with SvelteKit & TypeScript to showcase my work.
- Stores content in JSON files which are read, parsed and output to the front end.

Education

Prospects College of Advanced Technology

September 2014 - June 2016

- Aerospace Engineering (1st Year) - Double Grade Merit-Pass
- Aerospace Engineering (2nd Year) - Triple Grade Merit-Pass-Pass
